

Installation Anaconda

Rizkiyatul Komariyah

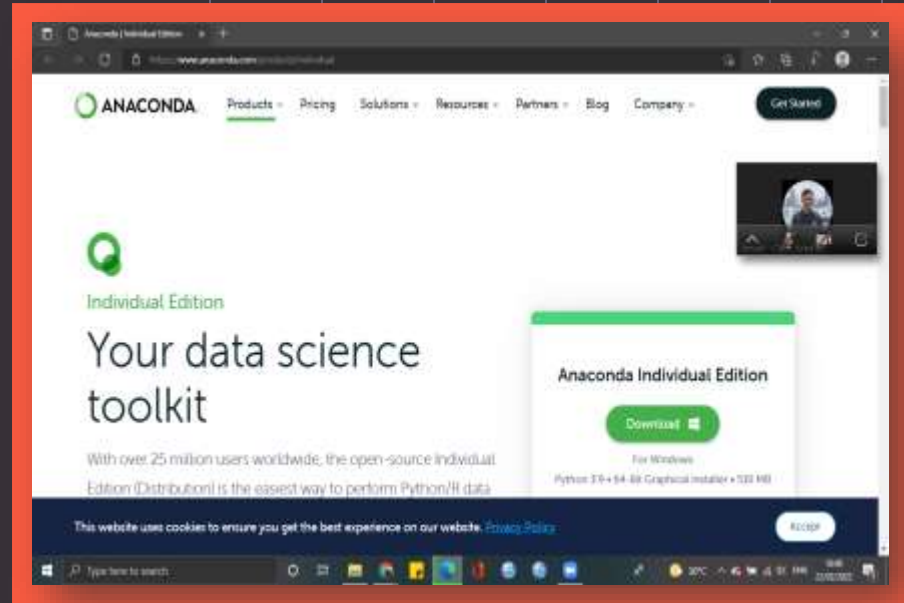

Documentation by : Rizkiyatul

Update 22 Feb 2022

1. Download Aplikasi Anaconda di
<https://www.anaconda.com/products/individual>

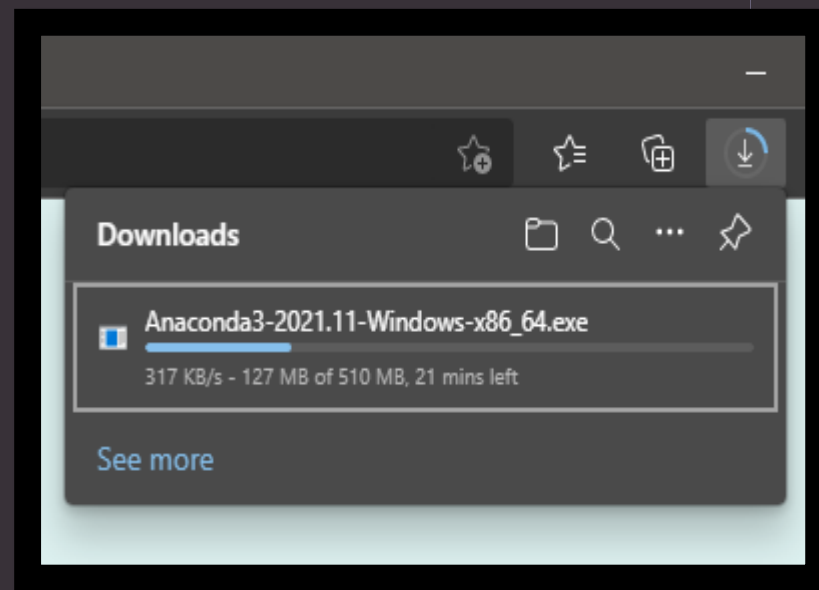

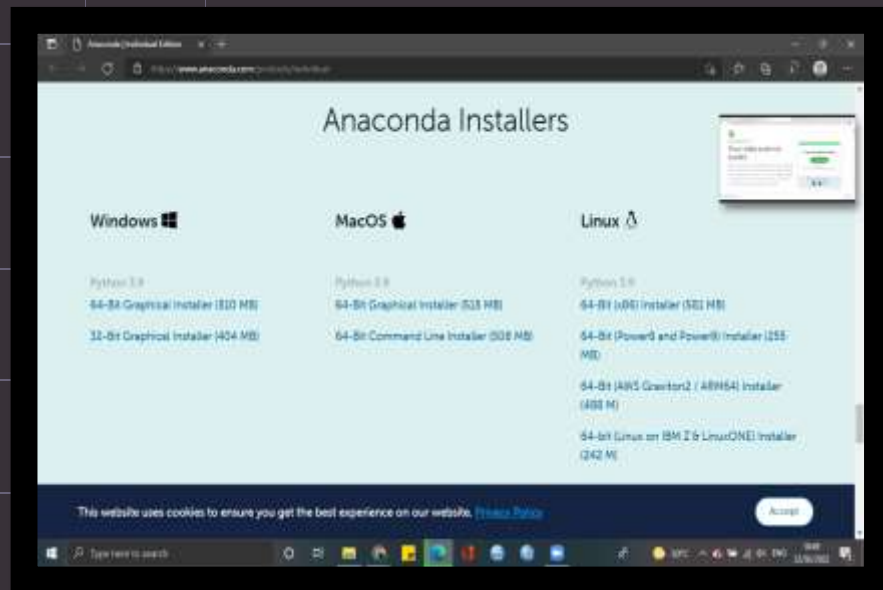

2. Langkah-Langkah instalasi
bisa

<https://www.youtube.com/watch?v=ZKNy-sPBKQc>

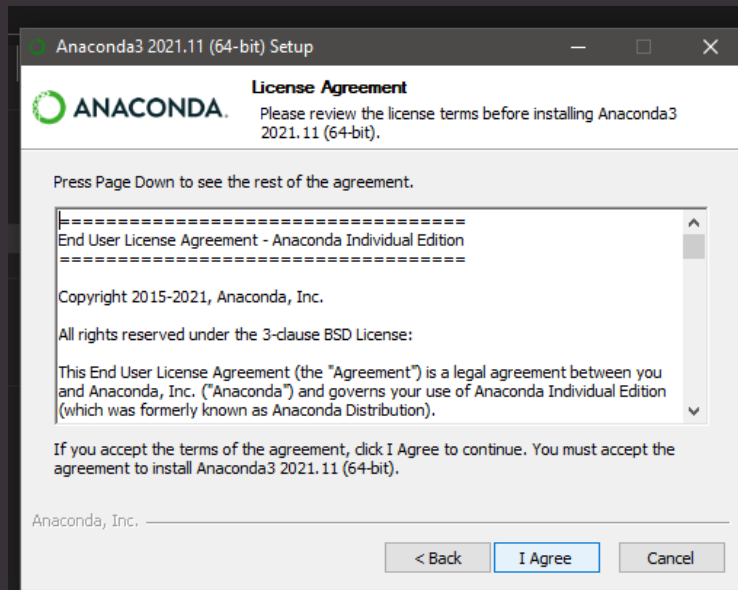

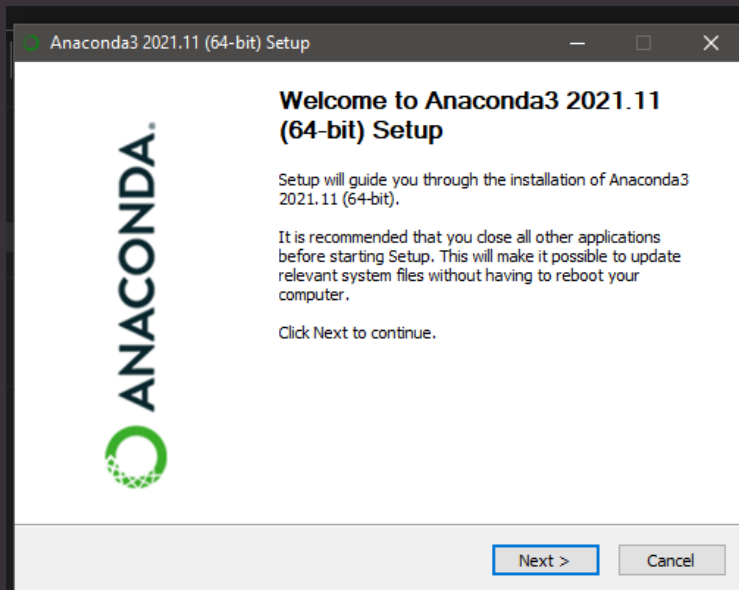

Klik Download

Terdapat 3 Anaconda Installers : Windows, MacOS, Linux

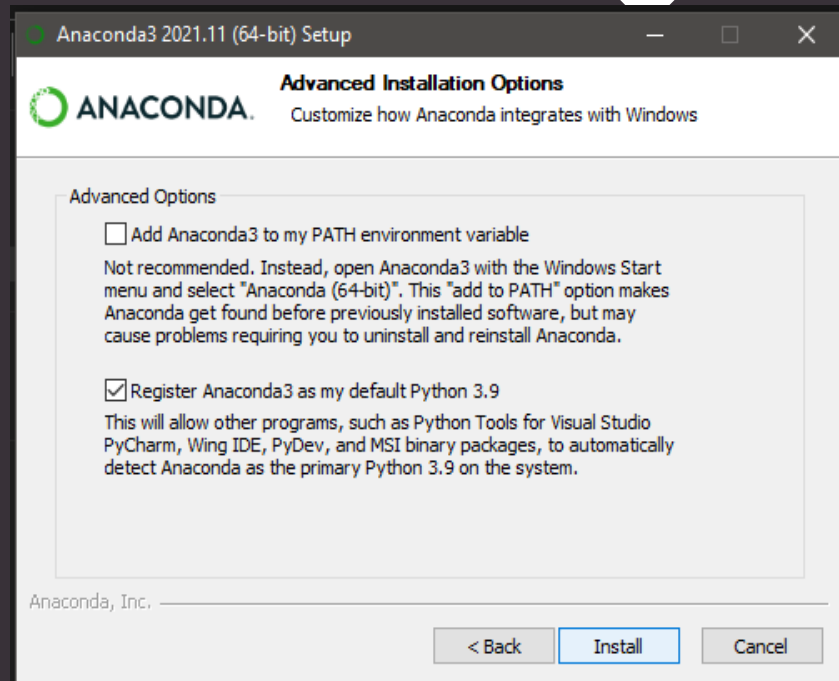

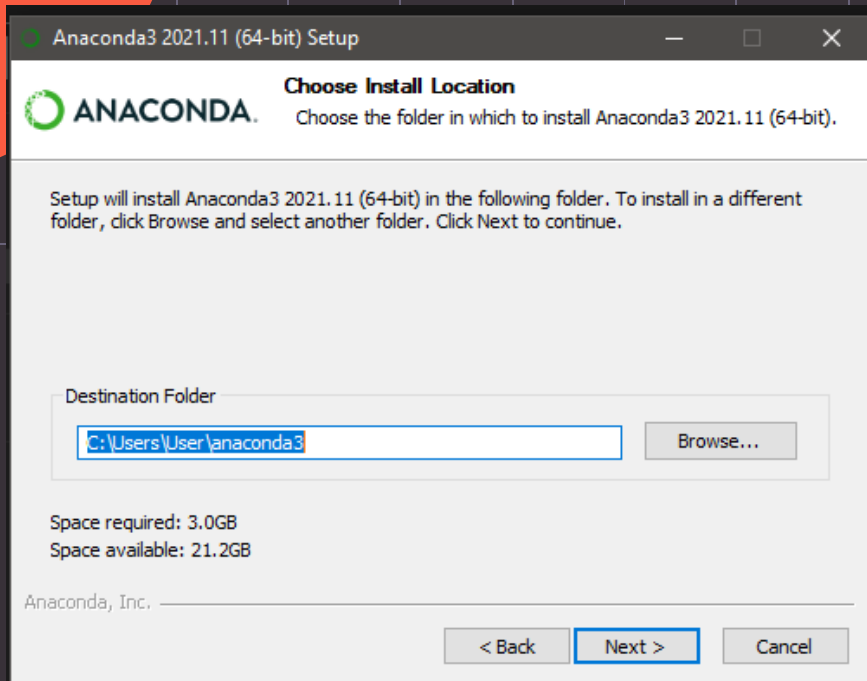

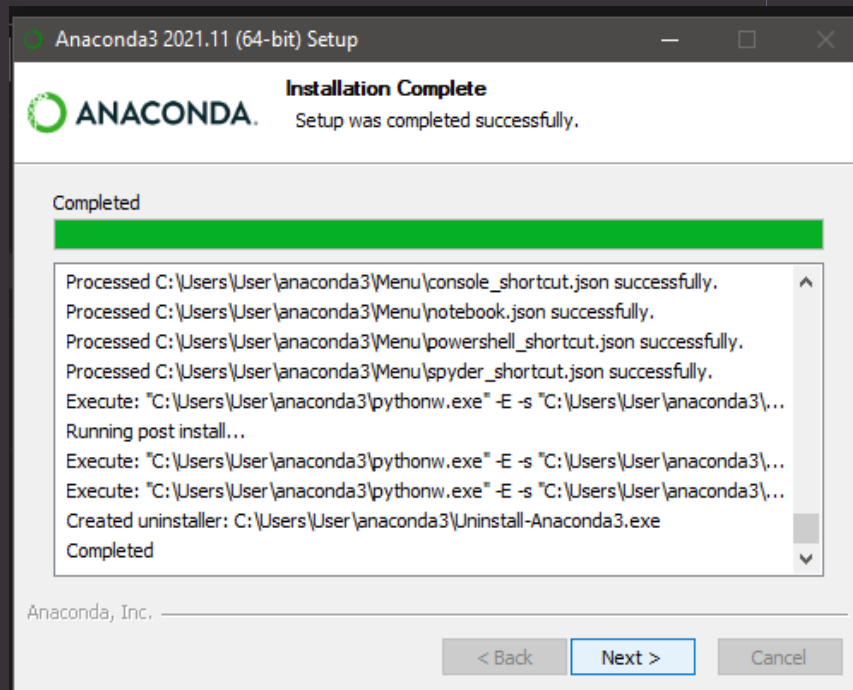

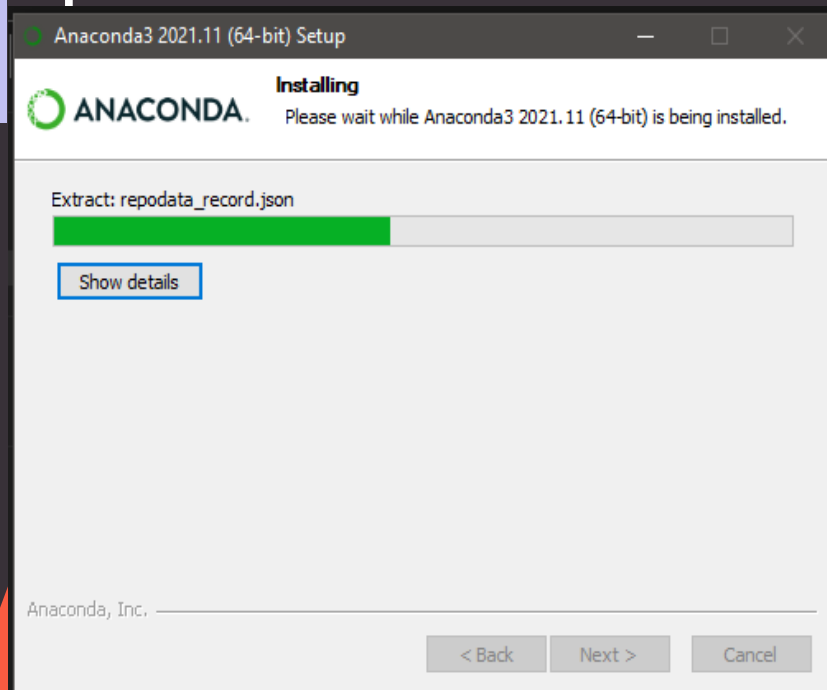

Setelah didownload kita buka file yg sudah didownload, kemudian di klik dan muncul tombol next tinggal mengikuti sampai finish.

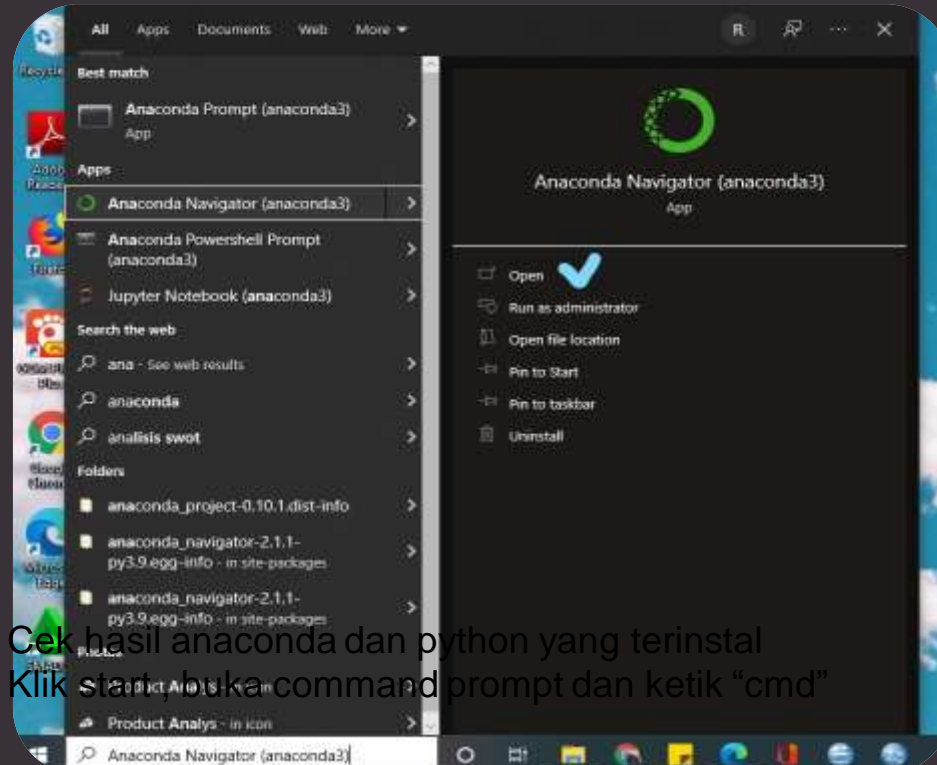

NEXT

NEXT

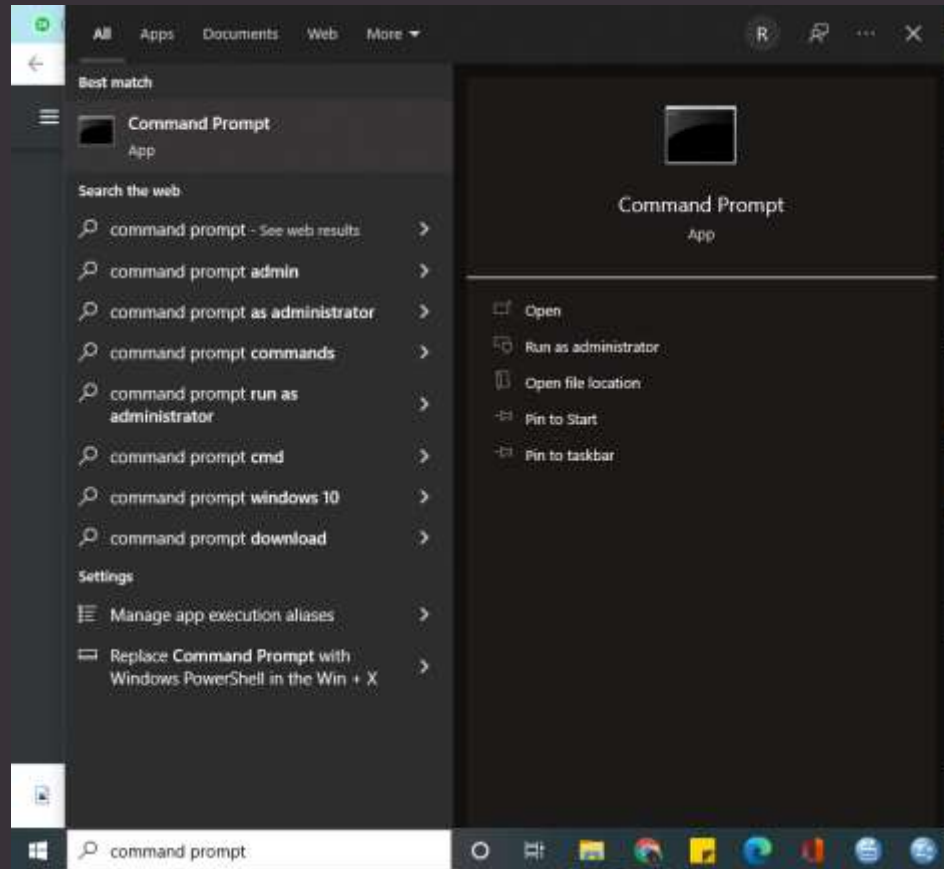

Langsung kita klik pada search di windows kita lalu kita klik open

Cek hasil anaconda dan python yang terinstal
Klik start, buka command prompt dan ketik "cmd"

- Cek hasil anaconda dan python yang terinstal
- Klik start , buka command prompt dan ketik “cmd”
